Our Services

West Rock Inc. is a full service mechanical and operational contractor with the capability to coordinate, plan, schedule, administrate and execute your maintenance, projects, shutdowns, turnarounds and operational needs. West Rock has a solid foundation of leadership and consultants to support any type of industrial projects. West Rock has a focus on People with a commitment to Safety excellence. Our services are not limited to human resources, West Rock can project manage the lease, rental or coordination of heavy equipment through partnerships or contract services. We set ourselves apart from our competitors by staying focused on the support services and Project Management Expertise. Many of our competitors find themselves with great overhead, fabrication shops and equipment requiring huge capital and a commitment from their clients. Our operation is designed to rent, lease and manage all requirements of the project. With support to our clients we will work relationships to ensure when available, these rentals can be charged directly to our client to save on cost plus contracts.

West Rock is a growing operational, mechanical and shutdown project management team with years of industrial practical experience. Our team will review and support capital project estimates, lump sum contracts or long term maintenance agreements. We are experienced in all aspects of the industrial work environment including; gas, oil, pulp, OSB, fibre board and sawmills.

West Rock is ready to help you with your maintenance, operations, shutdowns and projects. We can make a difference by supporting our operational overheads and ensuring when available the client pays for support services directly without additional mark up or charges. Our team will help our clients manage all aspects of their work requirements and can find the appropriate experts in all aspects of our industry.

Let West Rock work for you!

We supply ELITE, EFFICIENT, RELIABLE – human resources, business solutions, innovations and cost saving opportunities for our clients.
